UX/UI Product Designer | Product Thinker |  
Startup-Minded

## PERSONAL PROFILE

UX/UI Product Designer with a startup mindset and a passion for user-centered, conversion-driven digital experiences.

Co-founder of Renthis2me, a rental marketplace that secured pre-seed funding at a €300K valuation. Currently designing at NET Mechanics, focusing on fast-paced delivery of UX solutions for real-world businesses. My background in product strategy, design systems, and digital transformation helps me balance user needs with business outcomes.

## WORK EXPERIENCE

### UX/UI PRODUCT DESIGNER

*NetMechanics S.A. | Jul 2025 - Present*

- **Designed responsive user interfaces** and end-to-end flows for client platforms within fast-paced delivery cycles.
- **Collaborated with cross-functional teams** to implement scalable UX solutions that enhanced usability and business outcomes.

### CO-FOUNDER | UI / UX DESIGNER

*Recomelius | Jan 2023 - Jun 2025*

- **Led design concept development** and implementation for client websites, ensuring alignment with brand identity and user experience..
- **Handled social media strategy** and content creation, driving brand engagement through visually compelling posts and campaigns.

### CO-FOUNDER | PRODUCT STRATEGY & UX DESIGN

*Renthis2me | Apr 2020 - Aug 2023*

- **Designed the MVP interface and product flows** for a peer-to-peer rental platform, balancing usability with trust-building features.
- **Secured pre-seed funding through EIT Digital**, with a company valuation of €300K.
- **Engaged local partners and early adopters** through direct outreach and activation campaigns.

## EDUCATION

### BA ECONOMICS

*National Kapodistrian University of Athens | 2017 - 2024*
