Digital Product Designer

Enterprise Products • Design Systems • UX/UI

## PERSONAL PROFILE

Digital Product Designer with over 5 years of experience designing web and mobile products across enterprise, agency and startup environments.

Experienced in UX strategy, interaction design, prototyping and design systems. Prior to consulting, I co-founded a rental marketplace, leading product strategy and end-to-end product design from concept to MVP, helping secure pre-seed funding and contributing to a €300K company valuation. I bring a product mindset with the ability to balance user needs and business objectives.
